

Call for Papers

SASIMI 2018

THE 21st WORKSHOP ON
SYNTHESIS AND SYSTEM INTEGRATION
OF MIXED INFORMATION TECHNOLOGIES

March 26-27, 2018

Kunibiki Messe, Matsue, Japan

This workshop will provide an interchange forum on system design, design experiences, EDA, and design methodologies for both of industry and academy. Presentations on theoretical aspects, practical issues, case studies and applications are encouraged. The workshop gives an opportunity for presentation and discussion of advanced work and research. Works in progress and new ideas are also welcome. Special sessions for hot topics will be provided. Proposals for the topics are welcome.

Areas of Interest include, but are not limited to:

- System Design and Design Experiences, Industry Experiences
- Software/Hardware Design for Embedded Systems, Cyber-Physical Systems, IoT, etc.
- New Design Methodologies for MEMS, Bioengineering, Automobile, Environment, etc.
- Reconfigurable System Design
- Design for Manufacturability, Reliability, Security, etc.
- Behavioral/Logic/Layout Synthesis
- Test, Verification and Simulation
- Analog and Mixed-Signal Design

Submission of Papers:

Prospective authors are invited to submit original papers of 3 to 6 pages (for full papers*) or of 2 pages (for short papers), electronically via the web site below. Detailed instructions for paper submission will be available at the web site. Official language is English.

* Best Paper Awards will be selected from full papers.

Key Dates:

Submission due date	October	26 (Thu), 2017
Notification of Acceptance	December	26 (Tue), 2017
Final paper due date	January	26 (Fri), 2018

Questions should be directed to:

SASIMI 2018, c/o Prof. Kiyoharu Hamaguchi

Interdisciplinary Graduate School of Science and Engineering, Shimane University

1060 Nishikawatsu, Matsue, Shimane, 690-8504, Japan
