

Counting the Blessings of Long Lasting SASIMI: Retrospectives of Senior SASIMiers

Organizer:

Ing-Jer Huang (National Sun Yat-sen University, Taiwan)

Moderator:

Ing-Jer Huang (National Sun Yat-sen University, Taiwan)

Panelists:

Nagisa Ishiura (Kwansei Gakuin University, Japan): SASIMI Steering Committee Chair

Shin-ichi Minato (Kyoto University, Japan): SASIMI TPC Vice Chair

Ing-Jer Huang (National Sun Yat-sen University, Taiwan): SASIMI Subcommittee Chair

Yu-Guang Chen (National Central University, Taiwan): SASIMI TPC Secretary

Abstract

SASIMI has been 36 years old! It has a long lasting mission of encouraging young people with solid technical programs and strong supporting policies. There have been researchers who kept coming back to the workshop, either themselves or with colleagues/students as participants or serving in the committees. Many of them become experts in related fields. The workshop is exactly like its logo, a sailboat with full harvests! Let's count the blessings of the workshop, see what it has done for young people and wish a bright future for the young people and the future workshop!
